

HARRODS STAFF TO TRAFFICKING VICTIM: THE FAYED SYSTEM OF EXPLOITATION

This was not one man acting alone. It was a trafficking system designed to **recruit**, **process**, **control**, and **silence** women and girls.

1 RECRUITMENT

Harrods recruited young women and girls whose inexperience and financial insecurity made them vulnerable.

3 CONTROL

After processing, victims were moved to places where they could be controlled and sexually exploited.

4 SILENCING

Victims faced intimidation by Harrods security, legal threats, corrupt police, and gagged press.

2 PROCESSING

Within Harrods, victims were selected and processed for trafficking.

Promoted into sham jobs and groomed

Required to sign company NDAs (before or after abuse)

Required to undergo sexual health testing for a 'company medical'

Controlled workplaces at Harrods or Park Lane offices

Controlled accommodation in Fayed buildings and estates

Some victims moved to other countries
